MAYA
     *(whispers back)* Yeah! I knew I've seen her somewhere
     before.

TREY
     Umm..yeah..sooo.. You wouldn't happen to be 21 right? I
     just left my id at home is all and we're heading to a
     party so we're kind of desperate..

JAX
     I'm not. But I've got something even better if you're
     looking for a good time. Wanna get flipped?

          *The cast ad-libs "ooh I don't know" "you're kind
          of a stranger" maybe a "sure!" from Shelley*

BRANDON
     *(intrigued)* Flipped? I've tried quite a few things but
     I've never heard of that one. Is it a drug?

JAX
     It's an experience.

TREY
     I don't know, we just met you and it seems kind of
     dangerous.

JAX
     It's perfectly safe. Why don't you take out your
     phones.

MAYA
     Why? What do our phones have to do-

          *Suddenly all of their phones get an update
          notification. A light gasp goes around the group.*

SHELLEY
     What the??-

BRANDON
     How did you make that happen?!

JAX
     Click the update. You'll see.

BRANDON
     I mean, it's probably some prank link. What's the worst
     that could happen?

TREY
     This better not give me a freakin' virus!

          *After some contemplation they all take a deep*
          *breath and click the update. Suddenly, they are*
          *surrounded by white light. They shield their eyes*
          *from it.*

TREY
     WHOA!! What the ??

MAYA
     Where are we??

SHELLEY
     Guys, wait! Look...

          *She points at the "3D projections" of social media*
          *pages floating in front of her*
     It's... Twitter pages! And Instagram! And facebook!
     Snapchats too!

     This is so COOL! It's like a whole new way to see the
     world! Look! They're all buzzing around-

          *SHELLEY tries to finish her phrase, but she can't.*
          *She almost looks like she might be choking, and*
          *BRANDON rushes to her side.*

BRANDON
     Are you ok? Shelley! Say something!!

          *JAX, cooly watching the four of them as they take*
          *in the new world around them.*

JAX
     She's fine. She's just reached her character limit.

TREY
     Her...what?
